ALLIES BEAT OFF NAZI COUNTER-ATTACKS

Heavy Air Assaults And Naval Gunfire Aiding Yank Forces

British Speeding Up West Coast of Italy to Support
American Landing, Drive Through Vital
Village of Belvedere

SOME GROUND YIELDED IN FACE OF HEAVY FIRE

By NOLAND NORGARD
Allied Headquarters in North Africa, Sept. 15—(P)—Allied troops have beaten off fierce German counter-attacks against the Salerno bridgehead in Italy, but were forced last night to yield some ground gained earlier, in order to straighten their lines.

New support came to Lt. Gen. Mark W. Clark's forces—the strongest air attacks of the Mediterranean war and the thunder of naval guns offshore.

Today's Allied communique disclosed that savage, close-quarter combat raged along the whole Fifth Army from Salerno to Agropoli, 27 miles south, with both sides throwing heavy reinforcements of troops and armor into battle.

British Eighth Army troops speeding up the west coast to support the landing drove through the village of Belvedere, 67 air miles from Agropoli, to close the gap between Allied forces to some 80 miles of coastline by land.

Heavy, sea-saw fighting swirled in the Salerno sector, and the northwest African air force hurled all planes at its command against the Germans, flying more than 2,000 sorties from dawn Tuesday to dawn today in the greatest air attack ever witnessed in this theatre.

Not a single Allied plane was lost.

The Nazis managed to bring up more troops to the Salerno sector despite the concentrated pounding of roads by Allied aircraft, and elements of at least one more division—the German 29th motorized—were identified in action against the Allies. At least three others, the Hermann Goering, and 15th and 16th armored divisions, already were in the battle.

Allied naval forces were landing reinforcements all along the Salerno-Agropoli front despite German interference, and the naval communique announced occupation of Capri island west of Salerno on Sunday.

The German attack were strongly supported by tanks that were driven back repeatedly by blistering American and British fire. One U. S. combat team alone destroyed 13 tanks.

The Soviet army newspaper Red Star, reported today that a Russian night attack broke the German intermediate line defending Lozovaya in the central Ukraine as the Red army pressed a general advance toward the Dnieper.

The autumn rains had started falling in the Ukraine, the dispatch said, bogging down roads and fields, and slackening the speed of maneuvers, but the tanks and motorized infantry continued to slog forward in pursuit of the retreating enemy.

The Germans were said to be retreating along the entire front, abandoning town after town, together with incalculable stores of war material, before the relentless drive of the Soviet armies.

Moscow, however, deliberately ignored a German admission that had evacuated Bryansk, although it was evident that Gen. M. M. Popov's motorized columns were in full control of the situation in that area. A Soviet war bulletin reported Russian troops engaged in offensive action in and around the city after slicing four of its five trunk rail lines, and dispatches indicated the Red army spearheads were biting further north toward the Smolensk salient.

The Russians frequently have withheld announcements of the capture of important strongholds, allowing Berlin to broadcast accounts of "strategic" withdrawals before themselves proclaiming their victories, usually in a special order of the day by Premier Stalin.

More Than 2,000 Sorties Are Made By African Air Corps

By WES GALLAGHER
Allied Headquarters in North Africa, Sept. 15—(P)—The northwest African air force hurled every plane in the command over the Salerno bridgehead from dawn yesterday to dawn today in the biggest air attack in the history of Mediterranean flying.

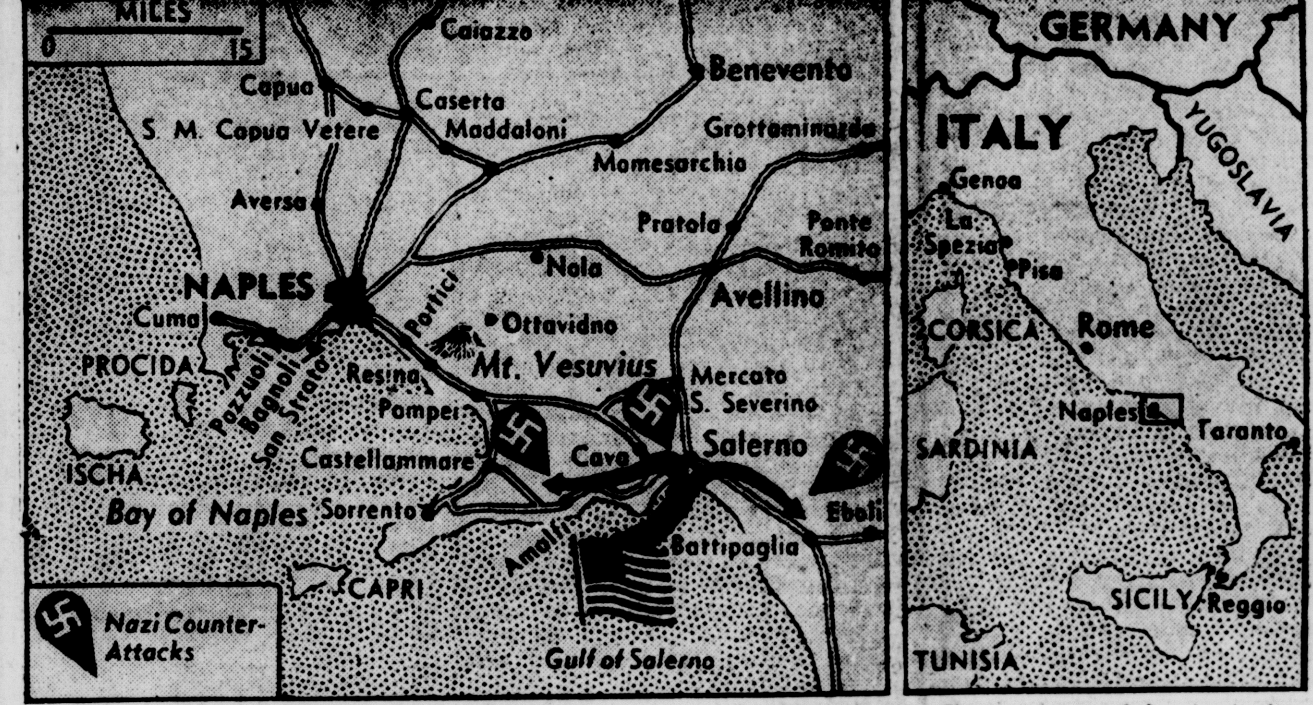

More than 2,000 sorties were made. A sortie is one flight by one plane.

The terrific air attack was concentrated on the few miles between Salerno and Eboli, 13 miles to the southeast.

The attack was even greater than the huge Allied effort last

5th Army Gives Ground Under Fierce Assault

From three spearheads—the most powerful being the middle one—the Germans are edging back the U. S. 5th Army along a 24-mile beachhead at Salerno with a heavy blanket of artillery fire and the fiercest kind of land attacks in a desperate effort to smash the foothold in Italy before the British 8th Army can force its way up the coast for a junction. The map locates the battle area and points of enemy assault.

Japs Falling Back Before Pincer Forces

By OLEN CLEMENTS
Allied Headquarters in the Southwest Pacific, Sept. 15—(P)—Japanese faced with annihilation at Lae, New Guinea—a fate which has overtaken most of the routed Salamaua garrison—fell back today before Allied pincer forces from prepared positions on two sides of the big air base.

Thunderous artillery exchanges and aerial bombardments by both sides intensified the struggle.

Allied forces landed from the sea above Lae on Sept. 4 now stand only a mile from the southern end of the Malahang airfield, the bigger of two at Lae. This force reached that point by seizing the village of New Yanga, half way between the airfield and the Busu river.

Eighteen miles below Lae, where the Allies have captured the airfield and harbor town of Salamaua, General MacArthur's headquarters said "the enemy is completely routed and his forces destroyed." Only a few scattered groups succeeded in fleeing into nearby jungles.

German Radio Changes Tune About Battle

London, Sept. 15—(P)—The German propaganda machine radically changed its tune today, not only admitting that the Allied forces in the Salerno bridgehead had not been evacuated but were "offering resistance" near the coast under cover of naval guns.

All-Star Teams To Play For Soldiers

Washington, Sept. 15—(P)—The War Department announced today that two all-star baseball teams from the National and American leagues will play a series of inter-league games for troops overseas in the Pacific theatre.

The announcement was made at the office of Major General A. D. Surles, the department's public relations director, in the presence of Baseball Commissioner Kenesaw M. Landis, whose office is to send the teams as accepted by the department.

The offer was accepted following a meeting of Landis, Surles, Brig. Gen. F. H. Osburn, director of the special service, division, army service forces, and Lieut. Col. Larry MacPhail, assistant to the under-secretary of war. The trip will be handled by the special services division.

REPUBLICAN RACE SPIRITED IN ALLEGHENY

John S. Herron, Incumbent,
and Sheriff Corbett, Ap-
parently Win Out For
Nomination

OTHER STATE RESULTS

County Commissioner John S. Herron and Sheriff Robert J. Corbett, rivals in a spirited Republican factional fight in the Allegheny county primary, apparently each won their race for nomination as Republican candidates for county commissioner.

The veteran Herron carried the support of the Republican state organization and Governor Martin in the campaign while the 38-year old Corbett was backed by "Young Republicans" and Senator James J. Davis.

The drays claimed new territory in Pennsylvania and relinquished relatively little today after a series of local option referenda. High point of the state's primary election balloting yesterday.

The turnout of voters for both the referenda and the primaries was light. In Philadelphia, the Republican vote was the slimmest since 1919 and the Democratic was the lightest since President Roosevelt took office.

Results of voting included:
1. Acting Mayor Bernard Samuel of Philadelphia and 16 other mayors of Pennsylvania cities won nominations to succeed themselves. Samuel, a Republican, will be opposed in the November election by William C. Bullitt, Democrat and former ambassador to France and Russia. Both organization candidates, won sweeping majorities.

2. State Superior Court Justice Claude T. Reno, Republican, and Judge Curtis Bok of the Philadelphia common pleas court, Democrat, were nominated without opposition for the \$18,000 a year superior court post, only state-wide position on the November ballot. Throughout Pennsylvania 21 judges received both Democratic and Republican nominations.

Lock Haven, only city voting on wet-dry issue, retained liquor and beer by two-to-one majorities. Six other formerly wet communities outlawed beer and four liquor, seven dry communities voting in favor of beer and one for liquor.

Judge M. F. Sando, of the Lackawanna county common pleas court was one of six judges who defeated opponents on both tickets. The others were Philadelphia municipal court members.

VOTERS SHOW MILD INTEREST IN ELECTION

Tuesday Primary Undoubtedly Most Quiet That Has Taken Place in County In Many Years

LINDER LEADS TICKET

Tuesday's primary was undoubtedly one of the most quiet that has taken place in Warren county in many years. Due to the fact that there was but one contest on both tickets the vote was light also due, perhaps, to the large number employed and the fact that the harvest is under way on the farms of the county.

William Simonsen, who had the organization backing polled almost a 3½ to 1 vote over his opponent William W. Muir, assemblyman, who for the second time unsuccessfully sought the nomination as county treasurer. The vote cast was for Simonsen 3649 and Muir 1096. Muir carried only two precincts in the county, Freehold 2nd, and Watson township.

The vote cast for other candidates was as follows:
For Superior Court: Bok, D. 336; Reno, R. 2997.
For County Commissioner: Olney, D. 446; Hanna, D. 365; Ostergard, R. 3581; Seavy, R. 3670.
For Prothonotary: Addison White, R. 3662.
For Sheriff: L. E. Linder, R. 3977.
For County Auditor: Russell, D. 249; Knopf, R. 3015; Eddy, R. 3382.
For Jury Commissioner: Walter, D. 379; King, R. 3095.

Throughout the county and in the Borough there were a number of names written in for various minor offices. One vote was written in by a First Ward voter for T. Richard Evans, as a candidate for Justice of the Peace.

In the borough a number of councilmen were nominated and all were Republicans as follows: First ward, Joseph DeFrees; Second ward, R. H. Trusler; Third ward, E. W. Patchen; Fourth ward, Arnold Erickson; Fifth ward, Roy Krebs; Sixth ward, C. H. Rowland; Seventh ward, Stewart Kuhre; Eighth ward, C. A. Miller; Ninth ward, W. E. Painter.

Over Score Of Sitting Judges Nominated

Harrisburg, Sept. 15—(P)—Twenty-one judges, including all 10 Philadelphia sitting jurists on the ballot, today were assured reelection in November, having won both Republican and Democratic nominations in Pennsylvania's municipal primary.

Another jurist, Judge Thomas A. Crichton of Tioga county common pleas court, who was unopposed for the Republican nomination, also was leading as the Democrat's choice in a write-in campaign after no one filed for the party nomination.

Fifteen of the 43 county jurists seeking to retain their posts were nominated on both tickets without opposition while Judge M. F. Sando of the Lackawanna county common pleas court and five members of the Philadelphia municipal court defeated opponents on both slates.

Judge Claude T. Reno of the state superior court, seeking election to the only state-wide post at stake this year, was unopposed for the Republican nomination for a full 10-year term. He will be opposed in November by Judge Curtis Bok, of Philadelphia, who won the Democratic nomination for the \$18,000 seat without opposition.

Candidates for the judiciary are the only ones who may run on more than one ticket at the primary under Pennsylvania's anti-party raiding statute.

trial Lock Haven, Clinton county, only city participating in the referendum.

West Potter township in Beaver county cast a 52-52 tie vote on continuing liquor sales while banning separate beer licenses. The deadlock leaves the area open to liquor licenses, which also carry the privilege of selling beer.

Voters in ninety-seven municipalities originally petitioned for local option referenda at the primary but the courts threw out 10 petitions in Butler county, four in Wyoming, three in Huntingdon and two in Blair.

Harrisburg, Sept. 15—(P)—Dry forces cut into wet territory while giving up little of their own to advocates of retail liquor and beer sales in Pennsylvania local option referenda yesterday.

Results of 63 out of 78 elections held in conjunction with party primaries showed:
Now wet: For beer, 36; against beer, 13; for liquor 31; against liquor, 13.
Now dry: For beer, three; against beer, four; for liquor, none; against liquor, six.

Both liquor and beer were retained by a two-one vote in industrial Lock Haven, Clinton county, only city participating in the referendum.

MAyors RENOMINATED

Philadelphia, Sept. 15—(P)—Mayors of at least 17 Pennsylvania cities were renominated in yesterday's primary—11 without opposition. With 27 cities throughout the state choosing mayoralty candidates for the November general election, only two incumbents were defeated.

Plans Being Perfected For County War Fund Drive Which Will Begin Early Next Month

As residents of Warren Borough celebrate the opening of the new Sylvania plant, citizens throughout the county are busy preparing for one of the greatest fund-raising campaigns in the history of this section of Pennsylvania, the Warren County War Fund drive which begins early in October.

"So far as we can determine," said Edward W. Johnson, chairman of the county organization this morning, "the goal for the forthcoming effort, which will approximate \$87,500, is the largest in the history of the county, with the exception of two Red Cross drives during the First World War, one of which netted \$116,000 and the other \$103,000. It may very well be, if we meet the response that now seems indicated, our campaign may even exceed these two previous ones in the total pledged."

The October drive, Mr. Johnson pointed out, comes as the climax of nearly twenty-two months of war effort since the bursting of the first Japanese bomb over Pearl Harbor. Warren and Warren county have been conspicuously successful in most phases of the gigantic nation-wide mobilization of manpower, materials, and morale. Its Control Center was early hailed as one of the best organizations in the state, and many committees came from other cities to study it. Its salvage work has been hailed by State Salvage headquarters as "the best all-around salvage job of any county in Pennsylvania," and Warren county itself as a "Salvage Utopia." Its War Bond drives have been uniformly successful, as have its blood donations.

The men responsible for much of Warren county's success, Allen Gibson, chairman of the County Defense Council, today gave his unqualified endorsement to the War Fund Drive. "Warren county

has good reason to be proud of its war record to date," Mr. Gibson said. "In the coming campaign Mr. Johnson and his associates have undertaken a truly Herculean task. They have been asked to raise more than any Warren organization has ever attempted to raise before with two exceptions during the first World War. If they are to succeed, they must have the full support of every family, every industry, every business, and every individual in the county."

The reason for the huge amount involved, is the fact that this is a combined War Fund and Community Chest drive. About \$38,000 of the total of \$87,500, goes to the National War Fund which finances seventeen national agencies including: War Prisoners Aid, Russian War Relief, United China Relief, British War Relief, Greek War Relief, and twelve others. The balance of the money will remain in Warren county and will provide for all agencies hitherto covered by the Community Chest including: Girl Scouts, Boy Scouts, Children's Aid, Visiting Nursing Association, Warren Relief, Y. M. C. A., and Y. W. C. A. The Chest itself will be "out of business" so far as fund-raising is concerned for the duration of the war.

"In reality, therefore," Mr. Johnson emphasized, "while \$87,500 sounds like a lot of money, it is a modest amount considering the wide territory it covers. Warren citizens, I believe, will be glad to see this matter handled as a single campaign rather than to be importuned every few weeks by a separate drive for Russian Relief, another for China Relief, another for the Community Chest, and so on. A larger outlay of money will be required at a given moment, but the convenience of a unified drive and the ultimate saving in time, money, and energy, will be welcome to every business man and woman, we are sure."

Marines at Parris Island, S. C., line up to buy war bonds just as thousands of other U. S. servicemen are doing all over the world. You, too, can get in the war bond lineup to help back these fighting men—and the third war loan drive offers additional incentive.

Eyewitness to Fierce Sea Engagement Off Guadalcanal To Speak Here Friday Night

Joe James Custer, only newspaperman to eyewitness the fierce sea engagement between Allied and Japanese naval forces off Guadalcanal, August 8, 1942, will appear in person for a lecture at a rally at the First Presbyterian church Friday evening.

From the bridge of the U. S. S. Astoria, Custer saw three Allied ships—the Australian Canberra and the U. S. cruisers Quincy and Vincennes—sent to the bottom in what he describes as “35 minutes of utter hell.”

The Astoria was hit more than 200 times during that engagement

NOTICE

“Pulpwood cutting has recently been listed as an essential occupation and those engaged in it should now include such activities in connection with any application for supplementary gasoline, tire, or automotive ration.”

“If you are using gasoline-powered equipment in sawing, drawing or trucking pulpwood and it is absolutely necessary for you to have an additional allowance, you should report the fact to your local rationing board, giving full information as to the number of cords to be cut and the distance it must be trucked.”

“Ceiling prices for pulpwood have been set by this office and are available upon application to your nearest OPA District Office. There is no present intention of revising these prices.”

Frederic Brown, Administrator
Office of Price Administration.

WIN WITH WOOD

US VICTORY PULPWOOD CAMPAIGN

Stoves Will Be Available, Board States

Enough rationed stoves will be made available to care for all essential needs, residents of Warren were assured today by E. H. Ley, chairman of the local War Price and Rationing Board, who said that applications received since the start of general stove rationing August 24 already approach the local board's quota for the first period.

Rationing of most of domestic heating and cooking stoves which burn coal, wood, gas or oil was made necessary, Mr. Ley pointed out, because nearly all large stove manufacturers have converted their factories to the manufacture of implements of war.

Figures revealed recently show that enough metal will be saved through stove rationing in one year to build 18,000 medium tanks, or 16,000 large anti-aircraft guns, or 160 large destroyers, Mr. Ley said. Iron, steel, brass, chromium and numerous other metals badly needed in the making of war goods are being conserved through the restrictions on stove manufacture.

Production schedules for this year call for a total of 3,500,000 stoves of all kinds, compared to the 8,600,000 manufactured from July 1, 1940, to June 30, 1941, which is the base year used in determining production schedules. Thus there will be a deficiency of more than 5,000,000 units as compared to the supply in the base year.

Despite this large cut enough stoves will be made to take care of those eligible. Applicants must show that they will have no usable stove at present and that they need one to heat essential living or working space or for cooking. Persons needing a stove to replace one worn out beyond repair also are eligible.

A quota of rationed stoves has been worked out and assigned to each local War Price and Rationing Board, Mr. Ley said. These quotas were arrived at by the Office of Price Administration after a study of census data, number of dwellings heated by stoves, number using cooking stoves, and past use of fuel, adjusted to take care of population shifts.

This study was broken down by states and counties. Reserves also were set up at OPA district, regional and national levels to take care of emergency demands.

After the first quota period, August 24 to September 30, when reports on number of eligible applicants are available from local boards, quotas will be adjusted on the basis of demonstrated need.

COLE HILL

Cole Hill, Sept. 13—There were no services in the Garland Methodist church Sunday because the pastor, Rev. Dwight Jack, was attending the annual Erie Conference of the Methodist church held in Meadville.

Newton Cady, a former resident of Cole Hill, but now of Lockport, N. Y., celebrated his 80th birthday here Sunday at the home of his nephew, Ernest Martin. Forty-five guests were present.

Among the out of town guests were Mr. and Mrs. Frank Martin, Mayville, N. Y.; Mr. and Mrs. Wil-

bur Camp and daughters, Mrs. Virginia Glavis, Nina and Judy Camp, and Mrs. Warren McChesney, Corry; Mr. and Mrs. George Martin, of Wesleyville; Mr. and Mrs. Chas. McChesney and family, Mrs. Sadie McChesney and daughters, Ula, Barbara and Shirley, Ross Hill.

Arnold Hodak visited relatives in Pittsfield Sunday.

Mrs. Fred Palmer, of Torpedo, visited her mother, Mrs. Ella Casey, at North Warren, Thursday and Friday.

Donald Wagner is at Soo, Mich., training for merchant marine.

Neighbors of Charles Benedict attended his barn raising bee Saturday.

Mrs. Seth Holmes and children, Alice and Gordon, of the Garland-Torpedo road, and Mr. and Mrs. George Baker and children, Dorothy Ann and Gordon, of Warren, were visiting friends and relatives in Medina, N. Y., on Labor Day.

Mr. and Mrs. Merl Gibbons and children from Erie were visiting Mr. and Mrs. Seth Holmes, Sunday.

Mr. and Mrs. Arch Bristow and Mrs. L. D. Sleeman, of Erie, were visiting friends here Sunday.

SUGGESTION FOR CANNING GROUPS
If you are lucky enough to have a surplus of a canned food item, and generous enough to donate it to your school-lunch program, it will save them much of their point-allotment.

Parents, or volunteer community canning groups may donate, for instance, all the home-canned tomatoes the community can scrape up. A new order requires the school-lunch program to surrender no more than 10 per cent of its point allotment, no matter how big the donation. If your school-lunch program had an allotment of 5000 points in the September-October quota, no more than 500-points will be taken from its November-December quota for its entire supply of one non-commercially canned food item. Thus, they will have 90 per cent of the point allowance left to purchase commercially-canned vegetables, no matter how much home-canned food they get.

THE ELECTION
In spite of a somewhat heated contest for the Republican nomination for county treasurer yesterday's vote was, as had been anticipated, one of the lightest ever recorded in the county. Why this should have occurred is something only a lackadaisical public may be able to answer, although there is no doubt but what the present turbulent situation in world affairs was a predominating factor.

The candidates left nothing undone to acquaint voters with the issues of the campaign, but evidently found discouragingly little interest. Ten million men and women in uniform, over 3,000 of them from Warren county, should have provided human arguments sufficient why everyone should exercise the right of franchise, but it is apparent that the rank and file of citizens are too intent on war problems to give time or thought to political issues.

FINANCING REVENUE
The C. I. O. believes, on the strength of an interpretation by its general counsel, that its unions can legally spend their members' money in an effort to defeat congressmen whose votes the C. I. O. does not approve. This is to be done by operating in the primaries and by spending the money against those it dislikes instead of giving it to those whom it approves.

This, of course, perpetuates the evil which so many dislike. Workers forced to pay union dues in order to hold their jobs must watch their money being used against candidates they favor, for the benefit of candidates they oppose.

The C. I. O. interpretation should be tested in the courts. If it stands, the law should be revised immediately.

Your kitchen fats are conquering that famous campaigner of World War I, the cottie. An insect repellent with a fat base has defeated him. But there are more cottes, and a lot more kitchen fat is needed. It is being used in many ways besides making explosives. Elastimers, a borderline product between plastics and rubber, are also coming out of your kitchen grease. Elastimers look like stretchable celluloid. They are used to cover gun-barrels.

Difficulties such as our troops are encountering on the open beaches of Salerno are bound to cause worry among the folks back here at home, especially since casualties apparently have been severe, but there's no reason why we shouldn't regard with complete confidence the general position of our battle with the Hitlerites in an already beaten Italy.

Our congratulations to those in charge of the welcoming dinner to Sylvania officials at the Conewango Valley Country Club last evening. It was by far one of the most delightful events ever staged in Warren and it will doubtless be long before another such gathering is witnessed there.

By October, 20,000,000 women are expected to have taken the "Home Front Pledge" to pay no more than ceiling prices, and buy no more than needed. Have you signed yours? If you haven't don't be surprised to see a "minute woman" at your door to get your signature.

There will not be more baby pants and crib sheets of fabric coated with vinyl resin, a rubber substitute, for a while. Vital as these items are, the resin is more important for strong water bags to be dropped by airplane to desert troops.

A Paving Job to Be Completed

Washington In Wartime
By JACK STINNETT
MACKINAC ISLAND, Mich.—One thing definitely can be said of the Republican post-war advisory council conference just concluded here: The Old Guard still is in the saddle but they really tried to bend over backward to give the party's "bright young men" a place in the party councils.
When the opening session of the 40-odd present members of the "Council of 49" was held, Spangler was designated to appoint the committees, and out of his pocket he pulled the list.
SEN. ARTHUR H. VANDENBERG, of Michigan, was named chairman of the foreign policy and international relations committee, and Sen. Robert A. Taft, of Ohio, chairman of the post-war enterprise, industry and employment committee.
Spangler couldn't possibly have done any better by the Old Guard. The only two other possibilities, so far as the convention lists and apparent appointment policies were concerned would have been Sen. Charles L. McNary, minority leader of the upper house, who wasn't here; and Rep. Joseph W. Martin, Jr., minority leader of the lower house, who told us personally that he had asked to be excluded from all committees because of the pressure of his job in Congress.
From there on, the eight permanent committees which will try to hew out the major planks in the Republican platform between now and next summer are something of a different story.
On Vandenberg's foreign policy committee, "internationalist" Rep. Charles A. Eaton claims a majority, with such advocates of post-war collaboration as Sen. Warren R. Austin, of Vermont; Gov. Edward Martin, of Pennsylvania; and Rep. Francis P. Bolton, of Ohio. However, there wasn't much in the original committee draft to indicate that Eaton's "internationalist majority" had won an all-out victory. It certainly lagged behind the broad outlines suggested by the President, Wendell L. Willkie and Gov. Thomas E. Dewey, of New York.

ON the permanent post-war enterprise, industry and employment committee, Gov. John W. Bricker, Ohio, a Taft conservative, was made chairman, and former president of the United States Chamber of Commerce, Sen. Albert W. Hawkes, of New Jersey, was second in line. But the committee also included such party scoundrels as Gov. Raymond E. Baldwin, of Connecticut, and Rep. Everett Dirksen, of Illinois.
On the other hand, Gov. Dewey drew the chairmanship of the government administration reform committee, and Governor Earl Warren, of California, also high in the list of "liberal" presidential possibilities, was given chairmanship of the social security and welfare committee.
Scattered through the committees where they can kick a lot of dust in the eyes of the Old Guard if they have a mind to, were such others as Arizona National Committeeman Kelland; Missouri Rep. Louis E. Miller; New Jersey Committeeman H. Alexander Smith; Michigan Willkieite, Mrs. Dudley Hay; Governors Dwight Griswold, of Nebraska, and Earl Snell, of Oregon; and Rep. Charlie Halleck, of Indiana, among others.

The Warren checker team was defeated by Bradford club last evening in a match played at the YMCA.
The Warren Lodge of Elks will entertain the Northwest District at the local club Sunday.
The Rev. J. C. Wygant was assigned to the pastorate of the First Evangelical church here at the conference held in Ligonier this week.
Charles G. Mathis, well known local undertaking assistant, has accepted a position with J. A. Still at Bradford.

Allison D. Wade was present at a meeting of the State Committee of the Young Republicans at Lake LeBoeuf Park, Saturday.

From where I sit...
by Joe Marsh

John Trumbull, our postmaster, looks up from his newspaper yesterday and says: "I see they caught another one o' them so-called 'gang-lords' of the Prohibition era."

"Wonder how long it's going to take us to wipe out the evil Prohibition left behind... not to mention the billions of dollars it cost the people?"

Well, John's right o' course. Hard to believe America could ever pass a law like Prohibition.

But from where I sit it's a big consolation—now that Prohibition is over—to see how moderation and tolerance have grown up in its place.

Nowadays, if a man enjoys a friendly glass of beer or two after a day's work, he not only can do it in clean, respectable surroundings—but he knows that no bootlegger or gangster is making a red cent on it.

Actions speak louder than words

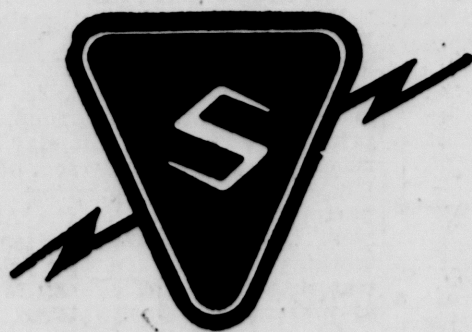

We could use a lot of words, and mighty heartfelt ones, to tell you good people of Warren how much we appreciate the kindly reception you are giving us as new members of your community.

But, in these tough and busy days of war, words, more than ever, yield priority to deeds. Only by the way we run our new plant in your town, only by the way we treat you townspeople who join us in our work, can we really prove how truly we thank you for letting us be a part of your business life.

And we believe we are not being too bold to tell you now that the Sylvania method of plant operation will give added luster to Warren's reputation for modern business enterprise. After all, those who work at Sylvania share in the manufacture of miracles of Seeing and Hearing.

Our thanks, then, for your great and glowing welcome will be the kind of plant we operate, in the way we treat those who share with us our high duty of laboring in a new and necessary world of practical science.

It is our firm belief that in the months ahead your community will be strengthened by the presence of this new kind of manufacture, just as Sylvania will be strengthened by the experience of working in a community with the solid American traditions, the vision, the foresight of Warren.

Metzger-Wright Company is Extending Invitation to Its Fall Style Event

The Metzger-Wright Company is extending to its many friends in Warren and vicinity an invitation to its 47th annual fall opening from 7:30 to 9:30 p. m. Thursday.

This is an event which is looked forward to each year by the entire community, when they may visit Warren's oldest department store and view the latest styles for fall. This includes not only the latest models for the individual and for the home.

Legion Auxiliary Honors Gold Star Mothers; Plans Many Future Events

Gold Star Mothers of World War I were honored guests of the American Legion Auxiliary last evening for a twelve dinner held at the Legion Home. The dining room was decorated with fall flowers and the table was centered with orchid mums and white candles tied with gold ribbons.

Miss Constance Dey, accompanied by Mrs. Watson Jamieson, sang two soprano solos. Following the serving, Miss Florence Hill, in a toast to the guest of honor, paid tribute to their lasting loyalty, bravery and love. Mrs. Ralph Armstrong responded for the mothers. Mrs. Eva Humiston, and Miss Ruth Bengston closed the program with two piano solos.

Those mothers present were Mrs. Armstrong, Mrs. Humiston, Mrs. Lydia Spangler and Mrs. Augusta Anderson. Other Gold Star Mothers of the county, unable to be there, are Mrs. Emma Isaacson, Mrs. Lena Jones, Mrs. Alma Johnson, Mrs. Harriet Morrison, Mrs. Dora Rowley, Mrs. Nellie Spetz.

During the business session which followed, there was a discussion concerning Christmas boxes to be sent to sons overseas. Mrs. K. W. Davis was named to investigate, after which members will meet at the Legion Home for the work of packing. Mrs. Clara Driscoll reported two veterans in hospitals remembered since the last meeting. Mrs. Elmer Munksgard, president, urged greater turnout for making of surgical dressings, reminding members that those who cannot go on Tuesday evening as a unit may do so at any time convenient for them. It was announced members are making a quilt to be awarded during the bazaar and rummage sale to be held October 14, 15, 16.

It was voted to send the new president, Mrs. Melvin Johnson, and secretary, Mrs. Howard Casey, to the conference to be held in Harrisburg on October 5. The date for the next regular meeting was changed to Wednesday, October 13, when the western director, Mrs. C. A. Atkinson, will be present to install officers.

Community PTA to Present Two Plays In Coming Season

The Clare Tree Major play committee of the Community PTA Council discussed plans for plays to be presented during the 1943-44 season in a special meeting held at the home of Mrs. S. E. Saylor.

Due to transportation difficulties, only two plays will be given this year. Those selected, with dates of their presentation, are "Little Men" on November 8 and "Five Little Peppers" on April 18. Members of the ticket committee and details for the sale of tickets will be announced at a later date.

It was also decided to repeat the poster contest in conjunction with the plays, entries to be received from any boy or girl in grades 1 to 6, and children from both borough and county schools to be eligible.

Edna Mae Swanson And R. E. Sandberg United in Marriage

Edna Mae Swanson, daughter of Mr. and Mrs. Henry Swanson, 204 North South street, and Ralph E. Sandberg, son of Mr. and Mrs. Robert E. Sandberg, 110 Prospect street, were united in marriage at 2:30 p. m. Saturday in the First Lutheran church. Dr. H. A. Rindard performed the ceremony and wedding music was by Mrs. Glenn Engstrom.

The bride was given in marriage by her father and attended by Rachel Brian as maid of honor, Mrs. John Swanson, and Betty Fouché as bridesmaids. Her dress of white satin was fashioned with sweetheart neckline, with seed pearl trim and a train. An orange blossom tiara held her fingertip veil of tulle and her white psalm book was decorated with a white orchid and streamers. Her only jewelry was the bridegroom's gift of a pearl necklace. Miss Brian wore blue mousseline de sole and the bridesmaids wore similar frocks of pink, each with an arm bouquet of pink roses and baby's breath, head pieces of pink flowers and tulle and blue necklaces, gifts of the bride.

Howard Sandberg was his brother's best man and ushers were David Levine, Frederick Swanson, the bride's brother, James Nordine and David Worley.

Sixty-five guests for the reception which followed in the parish house included Mr. and Mrs. Willard Ecklund, Mrs. Gilbert Sandberg, Mr. and Mrs. Arthur Sandberg, Mrs. Annie Sandberg, Mr. and Mrs. Kermit Barkman, Nellie Barkman, Mrs. John Barkman, Mr. and Mrs. John Meurer, Mrs. Leroy Meurer, Mrs. John Strong, Mrs. Earl Himebaugh, Mrs. Augustus Johnson, Ebba Johnson, Elsie Shellen, Jamestown, N. Y.; Mr. and Mrs. Vernon Barkman, Mayville, N. Y.; and Mrs. J. H. Swanson, Garden City, Mich.; Mr. and Mrs. Richard Swanson, DuBois. The bride's table and wedding cake were all in traditional white.

After a brief wedding trip, the couple are at home to their friends at 204½ North South street. Both Mr. and Mrs. Sandberg are local high school alumni, the bride in '42 and the bridegroom in '39. Both have employment with the Struthers-Wells Corporation.

Those who have entertained for the bride-elect were Mrs. Robert Sandberg, Mrs. Willard Ecklund, Mrs. Howard Sandberg; Mrs. Fredrick Swanson; Nellie Barkman; girls at Struthers-Wells, Mrs. Eva Marrer and Mrs. John Meurer; Julia Snyder and Rachel Brian; also a couple-party given by the James Nordines.

Unusual Slants To Be Offered In Fall Presentation

Something new in theatricals will be the feature of the evening when the Warren Players present "Night of January 16th" at the Woman's Club auditorium on October 14-15.

There have been plays before with slant angles, but this is the first one in which the audience takes an integral part in its development and conclusion.

With the talented Miss Betty Field portraying the role of Karen Andre, on trial for her life, the jury selected from the audience is given the problem of deciding her guilt or innocence.

The role of District Attorney Flint, whose aim it is to convict Miss Andre of the murder of Industrialist Bloom Faulkner, is in the capable hands of Homer Fleming. The role of Defense Attorney Stevens, whose aim is to bring about Miss Andre's acquittal, is being played by Jack MacDonald.

The interest of the jury, and incidentally the audience, will be centered not only on the evidence as presented and the ingenuity of the attorneys' examination and cross examination, but also their intent will focus on two experienced actors of the Warren Players opposing each other in their earnest attempts to sway the jury.

Much Interest In Children's Aid Exhibited

The September board meeting of the Children's Aid Society, held yesterday in the agency's headquarters, was an unusually well attended one, the number present indicating an increased interest and enthusiasm in the society's activities and program for the wartime emergency period.

A guest was Miss Kathleen Sibley, field representative of the Children's Aid Society of Western Pennsylvania, and the new county social worker, Miss Claire Elliott, was present for her first meeting since appointment.

There was some discussion concerning proposed revision of the charter and by-laws; also of the response to form letters sent out recently to those who have been members of the society.

The program for the regional conference at Meadville next Tuesday was announced and members who find it possible to attend were urged to do so.

For the benefit of those who did not receive a copy of the letter and are interested in the work of the society, the following excerpts are reprinted:

"The Children's Aid Society of Warren County postponed its annual June membership campaign awaiting formal announcement of the incorporation of the United War Fund of Warren County. This year the budget of the Society will to some extent be provided from the funds of the United War Fund of which we are now a member, but this affiliation does not eliminate the importance of an interested membership.

"In past years, the Children's Aid Society has been aided in carrying on its work through funds provided by dollar memberships and larger contributions. Now we are asking you to become a member or to maintain your present membership by the payment of one dollar (\$1.00). In addition, we are asking that, when you make your contribution to the United War Fund, you will remember that the Children's Aid Society is now affiliated with that corporation."

Following the pattern of last year's National Scrap Drive, more than 1,900 weekly newspapers will be asked to cooperate in the organization of local committees in 27 pulpwood producing states.

American Paratroopers Are Lauded By Senior Officers

BY WILLIAM F. BONI
With Allied Forces West of Lae, New Guinea, Sept. 15—(Delayed) — (P) — American paratroopers landed laden so heavily with battle equipment that they carried only the barest essentials of personal wear.

Most of the officers and men didn't even bring razors since even the bulky pockets of their highly practical jump suits were crammed with ammunition. Thus at mail call today—the first they have had—there were many flourishing full beards to be seen.

Among officers clustered in one leanto—was Captain Lawton B. Caskey, Blenville, La., signal officer.

Capt. Caskey was most anxious to give full credit to his signalmen.

"These boys in addition to their weapons made low altitude jumps with all of our radios and communication equipment except for one type of set which weighs more than 100 pounds. There were some loads, exclusive of regular and reserve parachutes which topped 60 pounds."

Caskey took the greatest pride in the performance of Pfc. James S. Feather, Smithfield, Pa. It was Feather's assignment upon hitting the ground to immediately establish communication with a unit of Australian pioneers who had been waiting on the south bank of the river around Nadzab airdrome.

Feather did his job so well he was talking to the Australians within two minutes after he struck the earth.

In that two minutes he had to unharness his parachute, unstrap his radio which had smacked him in the nose upon landing, and set up his equipment.

"I guess those Aussies were surprised to hear from me so soon," Feather drawled. "But then I was just about as surprised to find them listening in."

Won't Need Soil For Your Victory Garden Next Year

Harrisburg, Sept. 15—(P)—The State Defense Council is trying to fix things so next year city folks without land can have a soil-less victory garden at their doorstep.

All that will be needed—provided experiments sponsored by the council succeed—will be an old flower pot or a cigar box, some sand, water and a few essential chemicals.

It's all a matter of hydroponics—the four-dollar word for growing things in a chemical solution without the worry and bother of weeds.

A. J. Stratton, of near Reading, chairman of the State Victory Garden subcommittee on hydroponics, is doing the experimenting at his home. He mixes magnesium sulphate, monopotassium phosphate, calcium nitrate and ammonia sulphate in five gallons of water and pours it in varying amounts into six sand boxes where he has his plants—tomatoes, peppers, lettuce, cabbage, radishes and potatoes. So far, the culture has been successful.

Aimed primarily at providing something convalescent soldiers can do, the experiments, said Mrs. H. B. Eliason, victory garden chairman, also will determine the possibilities of chemical gardening on "sunny porches of homes and apartments that do not have convenient access to land for full-scale victory gardening."

Oh, For a Gal-a Christmas!

Dear Santa Claus:
In case you don't know what we'd like you to be totting down the barracks chimney, this outfit has gotten together and decided on the following—assuming, of course, that Santa's just as big-hearted and broadminded as we have always thought.

And how about enough assorted blondes, brunettes and red-heads to go around? You can mix 'em any way you like, but we'd like one for each, please—we share everything else.

Naturally, we'll need a furlough to go with the girls. Two weeks apiece would be nice, but we'll settle for two days. We'll certainly appreciate some of that green folding stuff to make the furlough interesting and the girls happy. And if you can arrange to tuck in with each gal a photo of herself, our barracks wall would be mighty pretty.

If there's any room left, an afternoon siesta might be nice—also an extra hour for lunch. Speaking of things to eat (we almost always are) you might pack in a turkey apiece, and twelve-inch individual pumpkin pies.

Dreamingly yours,
G. I. Joe
Elected representative of the optimists in Company B.

How about KP insurance for all? Immunity against guard duty, self-cleaning rifles and non-crushable uniforms?

Then there might be self-perpetuating weekend passes. Black gloves instead of white for the brass hat inspectors. Permanent cases of laryngitis for top sergeants everywhere. Scooter bikes for long distance marches. Soap that isn't GI and yellow. Chambermaids to make up the beds. Shoes that never need polishing. Sheets with built-in square corners. Mail call every hour, on the hour.

You May Never Have To Take Another Laxative

Most constipated people might be as regular as clockwork—if they would only quit worrying—stop being nervous—take more exercise—watch their diet—and get up mornings an hour or so earlier to give bowels time to act. But who can or wants to do all this?

So—the next best thing is to keep the bowels working as regularly and comfortably as we can—and that's where good old Ex-Lax comes in. Why?

Because you may take Ex-Lax at night and expect results in the morning when you get up without waiting around—because they do not move the bowels so violently as to leave you feeling weak and washed-out.

AND because they help give the grand, comfortable, satisfying type of movement that makes the spirits soar—and what your constipated person could ask for more! Get Ex-Lax at your drugstore today and take as directed. Life.

“Home”...

For years he dreamed about this moment... and hated to wake up to mud and blood and killing... A man gets lonely in a crowd of men... But there was a job to do... a job of fighting to make this world a decent place in which to live So that other boys in the future... wouldn't have to cut huge chunks out of their lives in the name of freedom. So he fought and dreamed... and woke up... until the day the dream was real. The thing to remember is this: War Bonds and Stamps will bring them together sooner! Buy for Human Happiness...

War Bonds and Stamps will speed this horrible war to a quicker end Buy for Victory... War Bonds and Stamps will make jobs for those who come home! Buy for a safe and better future for all of us.

How to Store Victory Garden Harvest

NOW that the harvest is coming home to roost, it is time for victory gardeners to think about holing up for the winter and preparing a storing place for many vegetables—beets, cabbage, parsnips, potatoes, turnips—they have grown this summer. Preliminary steps are to dig a hole the shape of the barrel when it lies on its side, and half as deep as the barrel's diameter. The barrel is laid on its side in the pit, a hole is cut in the top side for ventilation and then covered with a heavy screen to keep out rats. The photos below show steps that follow:

- 1.—Space around barrel is filled with firmly packed earth up to the ground level.
- 2.—Layout of straw for insulation on top of barrel is shaped into tepee over air hole. Vegetables may now be put in.
- 3.—Lid is placed on front end of barrel, with layer of dirt packed down over straw.
- 4.—More dirt and straw may be added in colder weather, tepee still showing. Start digging around barrel handles.
- 5.—Vegetables remain unspoiled, ready to be moved whenever needed.

"Football Festival" At Russell Field Next Saturday

Three Games Scheduled For Afternoon Between Teams Made Up From Dragon Squad

Failing in efforts to book a regular game for Saturday, High school football officials have arranged an interesting afternoon for fans at Russell Field. Three games will be played starting at 1:30 o'clock and ending around four. The program will be as follows:

1:30, game between the fourth and fifth teams, coached by A. F. Dunham and Homer Fleming respectively.

2:15, game between the third and fourth teams, coached by Henry Kolpien and Joe Massa.

3:00, game between the first and second teams, coached by J. B. Leidig.

Season tickets will be honored for the "football festival" and those not having tickets will be admitted for 25 cents.

Announcement was made this morning that a game has been booked with Falconer High school September 28, at 4:30 o'clock, for the special benefit of war workers who are unable to get to the regular contests which start at 2:30 o'clock.

There is no doubt but what a large crowd will turn out to see the grid program next Saturday.

With 22 Games Won and Six Lost the National Forge May Lay Claim to Successful Year

The National Forge baseball team had a most successful season, which was concluded with the benefit game with the Erie Gunners last Sunday at Irvine. The Forgers won 22 games, lost 6 and tied two.

The Sunday game was sort of a heart-breaker for the Forgers. Gagliardi struck out ten Erie batters as compared to four struck out by the Gunners' twirler. Forgie had 13 men left on bases and Eric 5, being a big factor in the 7 to 4 defeat.

In spite of the set-back Sunday, however, it still may be considered a very successful season for Forgers, taking into account the loss of Forge players in the draft, the men being replaced by pitchers in three or four vacancies.

Gagliardi, Hines, Pollock and Kulick played most of the season in infield or outfield, while not on the mound. Geigerich, an outfielder, was made into a third baseman and the veteran Red Swanson had to take all those years with him at second. Rosequist, regular catcher, had to play infield and outfield to aid the team due to its loss of players.

So when fans take into consideration this change, they may realize that Forge had a very satisfactory season. Forge rounded in two strong team towards the end. Had they met the Gunners after the Cory series they probably now would be champions of the district.

Morrison lead the team in hitting with 450; Creola, 376; Rosequist, 367; Gagliardi, 329; Pollock, 321; Hines, 317; Kulick, 308; Akeley, 300; Geigerich, 278; Auner, 248; S. Massa, 218; Swanson, 272; Bonavita, 185; J. Massa, 346.

In pitching, Gagliardi won 6 and lost 2; Hines, 5 and 3; Pollock, 5 and 1; Wise, 3 and 0; Kulick, 2 and 0; Kifer, 1 and 0. Hines and Wise tied each.

Morrison reversed his position during the season in hitting honors, being first this year with 19 Creola second. Last season it was just the opposite. Morrison had a stretch when he hit in twenty consecutive games during the season.

Major Leagues Making Up For Lack of Pennant Race With Hot Fights For Second Place

BY JUDSON BAILEY

Associated Press Sports Writer

In the absence of anything resembling a pennant race, the major leagues the offering the next best thing—a spirited scramble for second place in both circuits.

The glamor and gold is not the same, but the struggle between the Washington Senators and Cleveland Indians in the American League and between the Brooklyn Dodgers and Cincinnati Reds in the National is just as torrid as if the stake were first place.

The Senators, who finished seventh a year ago, are earnestly seeking the second slot this season and in the last five days have put on a spurt of five consecutive victories. This drive, coupled with a double setback for Cleveland last night, was enough to place Washington again in the American League's runner-up spot.

Playing the Boston Red Sox in a night game, the Senators had their hands full, but a single by Gerry Priddy in the seventh inning knocked in the deciding run for a 3-2 victory.

At St. Louis the Indians, who previously had won four in a row and six out of seven games, were tumbled twice by the Browns 3-0 and 7-1 in a twilight doubleheader and dropped back third place by a game and a half.

The Brooklyn Dodgers who moved into second place last week end on the crest of a winning streak that numbered 14 victories in 15 games, were blanked 3-0 by

the Boston Braves and saw their margin over the idle Cincinnati Reds shaved to half a game.

In the only other circuit encounter the New York Giants and Philadelphia Phillies, who already were scheduled for a game this morning, struggled to a 4-4 tie in a night game that was called by baseball curfew rules at 1 o'clock this morning after twice being interrupted by weather. As the result today's program at Philadelphia was made into a morning doubleheader.

The New York Yankees downed the Philadelphia Athletics 6-5 with an inept exhibition in which Bill Zuber granted 11 bases on balls in 4 1-3 innings and Detroit divided a doubleheader with Chicago. The White Sox took the first 7-1 and the Tigers the second 7-5.

Covering the Sports Front

—WITH—

BOB JOHNSON

We think the triple shifters at Struthers-Wells deserve no end of praise for their 1943 entry into sports both on the basketball court and the diamond.

Most of you know that this year of all years was a decided gamble for an organization to sink funds into any end of sports and expect to come out in the blue, and yet, to keep this very essential part of the American way of living alive in a town which for a long time has been bordering on the edge of having a wreath hung on the door in that line, they went ahead anyway.

In basketball, as you know, they suffered defeat after defeat in the early season, but strengthened up toward the end and became one of the top teams in the league. In baseball they contacted several out-of-town teams and played on a fairly even basis, while dropping all of their games with the National Forge. But that isn't the story.

For a long time—too long—we've needed an organization employing a good deal of local labor to raise interest, and the years ahead of us will eventually tell whether this venture by SW is one more on the list of ill-fated tries.

Whatever the outcome, we have one more firm in the community willing to try putting the town on the comeback trail of interest in sports and it looks like they have the heavy end of odds on their side for future success.

Coach Lowell Drake, of the Academy Lions, who administered the tutoring to his grid team, which, in turn, took the Warren Dragons for a 25 to 0 ride on their Model T has written a short article concerning the recent tilt, as follows:

A Bouquet for Mr. Leidig

Coach Jake Leidig is a fair man, both as to complexion and personality. Picture (if you can) a coach whose team has just been beaten 25-0, out on the field arguing with several nearby rival coaches. Yes, but arguing that his team had not just been gypped out of 12 points by two close decisions resulting from blocked punts and a ball recovered by his own team after hitting an Academy player.

Coaches Denton Moon, of Jamestown, and Don Pfing, of Bradford, were sure the officials erred in awarding Academy a touchdown on one of the blocked kicks, and also in another close decision. They thought the score should be halved at best. But Coach Leidig, backing up the officials he had hired, claimed they acted correctly, at least as far as the spirit of the rules was concerned.

No wonder District 10 coaches are proud to have "J.E." as their representative on the PIAA committee.

Incidentally, Warren has the makings of a good team! They are big and smart, albeit they lack experience. Coaches Leidig and Kolpien are just the men to give them what they need—plenty of game experience.

You don't see that kind of writing every day either!

The local grid team hasn't turned out any Schindlers, Confers, Wolfes, McKens or Checks yet this season but this corner looks for some games that will be roof-raisers from now on.

Oil City, for one will be greasing up the skids for Warren when they tangle here in October—and they have a nearly intact team from last year to toss at the Dragons.

Bradford, the other, is one the Blue and White can't wait to get their hands on after the stinging upset they suffered up there last season.

Of course, Jamestown still receives top billing any year, but this year finds the game on their territory and by then an A coupon will be scarcer than foam on election day, and the others will take over the 1943 spotlight.

Watch this Charley McLean, left end for the locals—The way he's been pulling those "Hutsons" out there, they may have to move one of the Wolfes over and give him one of those immortal slots of fame—

Sylvania Officials Welcomed at Delightful Dinner Tuesday Evening

(From Page One)

Burgess Raymond Steber extended to Sylvania and its officials a most hearty welcome in behalf of Warren, accentuating that Warren is as wonderful place to live and that the newcomers to Warren would soon grow to love Warren as do the residents here, and his words were most sincere.

President Judge Allison Wade in his usual happy manner suggested that the men of the Sylvania were meeting the stockholders of Warren county and that they were being added to the group. The many features of the county which are unique to it such as the Rouse Hospital and The Hoffman home were briefly touched upon in an interesting manner.

Sec. Frank Kottcamp, of the Chamber of Commerce, in one of his characteristic talks reviewed how contact with the Sylvania organization was made and of the effort made in securing the new plant for this city.

H. Ward Zimmer, production manager of the Sylvania organization made a most excellent impression in his straight from the shoulder talk on the Warren plant. He discussed at some length the possible future of the new plant here and dropped a significant phrase when he suggested "that the plant is already outgrown before it starts".

Mr. Zimmer was followed by Ralph Beal, who will be the manager of the Warren plant. Mr. Beal in an interesting manner spoke of the sale of his company to the Sylvania and of the plans for moving it out of Cleveland and of how he expressed himself as favoring two towns in western Pennsylvania—Warren and Bradford—as the home for the new company.

The trip to Warren, inspection of the Hubbard building and of finding it just what was wanted all in one day was most interesting.

At the conclusion of the talk by Mr. Beal various officials of the Sylvania were introduced to the assemblage and each was accorded a round of applause as they arose.

All in all the event was a delightful climax to a day which had been marked by an edition of The Times-Mirror with its fifty pages in which a printed welcome was extended to Sylvania Electric Products, Inc.

Secret Gun No Longer a Mystery

(From Page One)

road rails as it has against enemy tanks."

Product of long experiment by the ordnance department, the weapon's mechanism was a military secret until today, although it has been known by name since the North African campaign.

The army now gives this description:

"The 'bazooka' launcher, or gun, is a metal tube somewhat more than 50 inches in length and less than 3 inches in diameter. It is open at both ends. Tied to the tube are a shoulder stock and front and rear grips for the firer, together with sights and an electric battery which sets off the rocket propelling charge when the launcher trigger is squeezed.

Soviets Gain on Offensive Toward Kiev

(From Page One)

They are apparently following this procedure as regards Bryansk.

Further south along the Desna river valley, Moscow reported, the Red army troops smashed closer to Kiev, and one thrust placed them within three miles of Nozhin on the Kiev-Kursk railroad 80 miles northeast of Kiev. Here the shattering force of the Soviet drive sent the Germans fleeing in disorder toward the Dnieper defense wall.

Victory Tax Repeal Plan Is Considered

(From Page One)

night for a discussion with treasury and congressional tax experts of the various proposals for simplifying the income tax return.

The meeting coincides with the deadline for the filing of some 15-000,000 returns on estimated income for 1943.

Many taxpayers have been puzzled by the double computation of income and victory taxes.

All Gasoline Coupons Must Be Endorsed

Don't forget to endorse your gasoline ration coupons. Without your signature, they are not good and your dealer cannot accept them. The reason endorsement is required is to show that they are valid. This helps the government and dealers to weed out unsigned, counterfeit or other illegal coupons. The sooner we can get these illegal coupons out of circulation, the sooner we can rid ourselves of the black market racket in gasoline. Gas stocks at home for civilian use are critically low because of the tremendous supplies of oil which must be sent to the battlefield. We all want to share our limited supplies as fairly as possible. Black markets steal from our rationed supplies—leaving even less gasoline to be distributed fairly among us all. By signing your gas coupons you are doing one thing to help drive out the black market in gasoline. And by signing your coupons as soon as you get them—you save time at the filling station.

Special rations of gas for furlough travel have been restored to the twelve northeastern states and the District of Columbia. These special rations allow a man or woman in the armed forces up to five gallons of gas for furlough travel. To get the ration, the applicant simply goes to the War Price and Rationing Board and presents his leave or furlough papers. Furlough gas rations are given throughout the country and had been given in the east until last June when the gasoline supply crisis made it necessary to curtail them temporarily.

Wildcatting In Pa. Region Meeting Topic

Wirt Franklin, special deputy of the petroleum administrator for war, will discuss the possibilities and prospects for a wildcat drilling program in the Pennsylvania grade region at a meeting for producers to be held in Pittsburgh, Thursday, September 16. The meeting, which is being arranged by the Pennsylvania Grade Crude Oil Association in conjunction with the Pennsylvania topographic and geologic survey, will begin at 2 o'clock in the Pittsburgh Athletic club. It is open to all producers in the Pennsylvania grade area. Mr. Franklin, who is widely known as an independent oil operator, has served on the PAW staff for some time and recently was called to Washington for a special assignment. His experience in production activities makes him well qualified to discuss the problem facing the Pennsylvania industry at the moment—how to in-

TIMES TOPICS

RUMMAGE SALE PLANNED
The Isabelle Hazlet Division of the W. S. C. S., of the First Methodist church, is planning to hold a rummage sale in the Beckley building Friday and Saturday, September 24 and 25.

ASK REGISTRATIONS
Those wishing to register for night school classes at the local high school will be given an opportunity to do so at 7:30 p. m. next Tuesday, September 21, according to Superintendent John G. Rossman.

PAINTING STATION
Men from the service department of the Sterling Oil Company have been busy this week painting pumps, signs and other equipment of the Times Square Service Station. The new paint adds much to the appearance of the place and makes it highly attractive.

LADIES TO MEET
The Ladies' Bowling League officials announce today an important team meeting will be held at the Penn Bowling Center at 7:30 p. m. September 24 and that the ladies will officially begin their league season on October 1. All are asked to be on hand.

KILLED IN ACTION
Included in Tuesday's War Department announcement of 22 Pennsylvanians killed in action in the six theaters of war is the name of Cpl. Frank A. Rossman, son of Mrs. Anna Rossman, 326 Birch street, Kane.

TO AID TAXPAYERS
The office of Deputy Internal Revenue Collector in the post office building, will be open until midnight tonight, the deadline for taxpayers to file declarations of income taxes. All who can, however, are urged to report as early as possible to save a last-minute rush.

EMPLOYMENT RECORD
Estimated employment in Pennsylvania's industries totaled 2,458,410, or 0.5 per cent below the June, 1943 level. However, an increase in payrolls of \$636,806 representing 0.7 per cent and \$63,325, or 0.8 per cent in employee-hours brought this month's estimates to \$93,341,206 and 103,164,754 respectively.

INSURANCE AGENTS AID
It has been announced that the 20,000 Prudential Life Insurance Co. field employees have been asked by the Treasury Department to make a house-to-house canvass during the next three weeks in an effort to sell 4,000,000 bonds. Walter R. Ross, 513 Wright street, and Merle L. Akam, 357 East Pleasant street, local Prudential representatives, expect to participate.

SPECIAL TRAINING
J. Roy Zoeller, Red Cross field representative, will be in Warren next week to conduct a special course of training in accident prevention, one phase in the Red Cross program aimed at meeting the nation's wartime need of conservation of manpower through decrease in home front casualties. Details of his visit and the instruction periods will be announced later.

WARREN BOY WINNER
In the model airplane contest which was a feature of the Army Day program at Jamestown, David Johnson, of this city, was the winner of the first prize with a model of a Stuka diver bomber. Young Johnson won a model of a American Airlines flagship presented by Gordon Simpkins, of that company. The boy also gets a free trip to Buffalo next Sunday at the expense of the airlines. Pictures of the winner receiving his prize appeared in the Post-Journal of Jamestown last evening.

crease the output of Pennsylvania grade crude, so vitally needed in the furtherance of the nation's war program.

Representatives of the state's survey staff will exhibit a number of maps of oil-producing areas and review work completed in various quadrangles but which has not yet been published. It is believed that the information supplied by the state survey through this means and the discussion by Mr. Franklin will enable producers in the region to undertake a program of development which should be reflected in an increase in the production from the Pennsylvania region.

Production in the region, which is the chief source of supply for high grade lubricants so vital to the prosecution of the war, has been on the decline in recent months. The association recently embarked on a program to reverse this trend, and the coming meeting is one of a number it has arranged to stimulate production and draw attention to this critical problem.

They Are Saying: about the Home Front Pledge Campaign

Legislation not founded on education is worthless. That is why our government is sponsoring the Home Front Pledge Campaign, putting us on our honor to obey. If we would all live up to this pledge, never paying more than ceiling prices (even if we did without now and then) and giving ration stamps for all rationed goods, we will benefit ourselves in the long run by holding in check inflation far more than we benefit ourselves in buying now against the pledge.

Grand Opening New Children's Department!

Thursday evening will mark the opening of a new department, a new children's department, at your store. It is located on the Fourth Floor and is entirely devoted to the younger girl who wears sizes seven to fourteen and to her older sister who wears sizes ten to sixteen. This new department will be theirs and theirs alone. In this one department they may choose not only ready-to-wear, sportswear, handbags, but also their hats. Here also will be found the Girl Scout Department, where they will find uniforms, equipment and all the little accessories that the Girl Scouts need. Be sure that you do not miss seeing this new department tomorrow evening.

Every department in the store has new Fall merchandise on display from Accessories and home furnishings, to ready to wear and housewares. You will not want to miss seeing one department! Come one and all, meet your friends here and enjoy the evening with them and with us.

I FEEL GREAT! I LIKE TO GET UP! I'M FULL OF PEP!

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sick and the world looks punk.

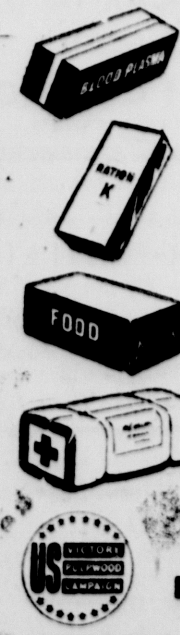

It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 10¢ and 25¢.

The National War Fund receives its support from every state, county and community in the country. In Warren county the drive will begin October 18 and will include former Community Chest and county agencies as well.
